Our objectives are to plan and perform the assurance engagement to obtain reasonable assurance about whether the Remuneration Report is free from material misstatement, whether due to fraud or error, and to issue an assurance report that includes our opinion. - perform risk assessment procedures, including obtaining an understanding of internal control relevant to the engagement, to identify and assess the risks of material misstatement, whether due to fraud or error, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control; and
- design and perform procedures responsive to the assessed risks of material misstatement of the Remuneration Report.
